

THE COALITION FOR CHILDREN PRESENTS

# Social-Emotional WORKSHOPS FOR FAMILIES

A 3-part series focusing on feelings, self-regulation and problem solving for caregivers and their children (ages birth-8).

In the last decade there has been an overwhelming amount of research on the developing brain.

In this parent-to-parent learning experience, Family Ambassadors will share important research they have learned, what resources they rely on and listen to what has worked for you. Together, children and caregivers will create a helpful and practical toolkit to take home.

**7:00-8:00pm via Zoom**  
**Thursdays: May 26th,**  
**June 2nd and June 9th**
